The total in the bank account is \$11,142.14. This includes monies from golf fundraiser and other items and the total after subtracting that money is \$ 9,892.13.

We need to purchase different programmable thermostats due to deceptive packaging. Dick will get a new one and try it to see if it will work and then obtain one or two for downstairs.

Sunday school: Went on hike. Greg Krom led the service. Laurie will lead the students in a mother's day craft and a special coffee hour will be provided. Karen is learning the Sanctus in sign language and is looking for people to be taught to join her on her nephew's daughter's baptism.

Fundraisers: Golf event is coming along.

There will be a meeting about the organ after church one day during Jim's rotation.

We have new altar cushions on the bishop's chairs.

Anne will be getting back to us about evaluation responses.

The motion light on the parish house back door was discussed. It often stays on. It will be looked into.

Jere noticed a new leak in the parish house. It may be due to missing shingles.

There was a good group of people who did work on the hall and grounds on April 29<sup>th</sup>.

Signs: Butch Priest is working on the sign that hangs in front of the hall. We need to replace the sign that advertises in the center. Elaine will ask Seth.

Tag sale in hall went well.

It was noted that Dick has done a great job with the publicity.

Next meeting will be June 1<sup>st</sup>.

Respectfully submitted;
